

2009 Citation Sovereign Position

Make Offer

Delivery 2nd Quarter, 2009

Excellent power-to-weight characteristics, combined with a moderately swept supercritical wing design, give the Citation Sovereign the responsive handling and versatility of a much lighter aircraft. Powered by new-series Pratt & Whitney PW306C turbofans rated at 5,770 pounds (25.67 kN) of takeoff thrust apiece, it has superior range, fuel efficiency and exceptional runway performance that can cover more land with fewer landings.

Take off from runways as short as 3,640 feet (1,109 m). Climb directly to 43,000 feet (13,106 meters) in just 23 minutes. Cruise at speeds up to 458 knots (527 mph or 848 km/hr) in comfort. Cross the United States nonstop carrying five passengers and full fuel, with a maximum range of 3,276 statute miles (5,272 km). Land softly on trailing-link gear with ample NBAA IFR fuel reserves. The Sovereign has taken the list of everything that midsize operators always dreamed a business jet could do, and made it a reality.

Exterior:

Matterhorn White over Black Metallic with Silver Metallic accents.

100 cubic feet (2.8 m³) of external baggage capacity is by far the largest among midsize jets. External loading eliminates interference with cabin boarding and damage to the interior.

Time is still available to make changes to the exterior.

Avionics: Honeywell Epic

The long-range trips that the Sovereign is capable of requires a flight deck that delivers proven global avionics performance. The Honeywell Epic™ avionics suite system integrates some of the most advanced navigation and flight control capabilities ever offered in this category of business jet, including electronic charts and approach plate capability.

The system's centerpiece is a quartet of 8 x 10-inch (.20 x .25 m) LCD displays. For optimum situational awareness, two Primary Flight Displays (PFDs) depict aircraft attitude, altitude, airspeed, vertical speed and heading references at the pilot's and copilot's stations. These PFDs flank two centrally mounted displays, one serving as a Multi-Function Display (MFD), and the other as an Engine Indicating and Crew Alerting System (EICAS) panel. Radio tuning is also presented on the MFD displays, and is controlled by cursor control devices located in the center pedestal or through either FMS. Reversionary switching from either PFD to the central displays provides backup redundancy.

Engines: Pratt & Whitney PW306C

Equipped with two dual channel FADEC controlled Pratt & Whitney Canada PW306C turbofan engines. These engines have a 4.4:1 high-bypass ratio, twin spool design with damage resistant wide chord fan. Four axial and one centrifugal compressor stages lead to high efficiency, low emission, through-flow combustor and five turbine stages. Maximum static takeoff thrust at sea level is flat rated to 5,770 pounds (25.66 kN) up to 87°F (ISA+15.5°C). Hydraulically actuated, target-type thrust reversers are attached to each engine.

Interior:

The Sovereign provides a long-range cabin with seating for ten passengers. It features an elegant refreshment center, a private lavatory with hot and cold water vanity and center line closet with room for garment bags, coats and other carry-on items.

Sixty-eight inches (1.73 m) of stand-up comfort extends the entire length of the more than 25-foot (7.7 m) cabin, providing a spacious 620-cubic-foot (17.56 m³) interior which is significantly larger than others in its class.

Seating is upholstered in Classic Black leather with Figured Australian Walnut satin finish wood veneer and Satin Black Nickel hardware trim. The main cabin passenger seating is fireblocked and features restraint system, dual flip-down armrests, forward, aft and lateral pedestal tracking, full recline capability (berthable), 180 degree swivel capability, hidden headrest, seat back pocket and overwater life vests located in the seat base. The RH aft 3-place couch upholstery matches the passenger seating and features dual flip-down armrests with cup holders.

The galley features beautifully crafted cabinetry done in Figured Australian Walnut satin finish wood veneer and Satin Black Nickel hardware trim and includes a microwave oven, hot beverage tank, and water bottle storage, storage for glassware, china, cutlery, ice and more.

SPEC SHEET

Crew Training:

Training of a crew of up to 2 pilots and up to 2 mechanics is included.

Extra Equipment List: (Not Included in Base Model)

RVSM Document Package
GMU Flight/Wichita
Dual Mode S Diversity Transponders - Enhanced Surveillance
Data Management Unit (DMU) - RH Chart
HF-1050
CSD-714 SELCAL
FA2100 Flight Data Recorder
Extended Range Oxygen System
Tail Flood Lights
Mobil Jet 254
Cockpit Temperature Controller Celsius
Additional Exterior Door Locks
Life Raft Mooring Ring
Stainless Steel Baggage Threshold
Interior Crew Seat Sheepskin Cover Assembly
Water Bottle Storage and One Hot Tank
Microwave with Interchangeable Shelf
Add Walk-Around Oxygen Bottle To Closet
RH Aft 3-Place Couch with Forward Divider
Leather Table Top Inserts
Auxiliary Audio/Video Input Port at Seat #6
Add Speakers to Audio or Video
ST 3100 Iridium Telephone System - AirCell
Data Outlet - Cabin
Exchange for Wireless Handset in Cabin - Seat #6
Exchange for Wireless Handset in Cabin - Seat #9
110V.AC (60 Hz) Universal Outlet Package - 6 Qty. (Cockpit, Seat #5, Seat #6, Seat #9, Aft Vanity, 1 in 3-Place Couch)
Entry Step Maintenance Cover
3rd Threshold Carpet Assembly
Seat Belt Extender (12") - 1 Qty.
Seat Maintenance Cover with Cessna Logo - 6 Qty.
RH Side-Facing Seat Maintenance Cover
3-Place Couch Maintenance Cover
Center Aisle Vinyl Maintenance Runner
Center Aisle Vinyl Runner with Straps
Stainless Steel Fasteners in Fuselage Fairing
Stainless Steel Fasteners in Empennage
Stainless Steel Fasteners in Tailcone
Stainless Steel Fasteners in Pylon
Interior & Exterior Aircraft Specification for 680-0285, Revision A
Additional 110V.AC Universal Outlets - 6 Qty. (Side-Facing Seat, Seat #3, Refreshment Center, LH Closet, & 2 in 3-Place Couch)
AvVisor Plus Cabin Information Display & 10.4" Monitor
Second AvVisor Monitor on the Aft Side of 3-Place Couch Forward Divider
